Where to Find Info on the PICT File Format

This article last reviewed: 11 January 1988

You can find information on writing graphics files in PICT format in:
Macintosh Technical note #27.

This Technical Note is in the Developer Service bulletin board. Open the following folders in order:

1. Developer Technical Support
2. Macintosh
3. Technical Notes
4. 26-50

Apple wants Technical Notes to be distributed as widely as possible. The file may be downloaded for dealers who don't have access to the Developer Technical Support bulletin board. Technical Notes are sent to all certified developers at no charge. There are no restrictions on copying Technical Notes, except that they must not be resold.

APDA also supplies this and other Technical Notes on both disk and paper. For more information, search under: APDA
