System 7.1: File Sharing Access Privileges Change

Article Created: 19 October 1992

TOPIC -----

This article discusses a change made to file sharing default access privileges.

DISCUSSION -----

The file sharing default access privileges were changed for security purposes. Specifically, the Guest check box is unchecked when you choose to share a volume or a folder.

If you want to share a volume or folder with a Guest, you must check the Guest check box.
