System 7.1 Multipack: Missing Foreign Operating Systems 2/93

Article Created: 3 February 1993

TOPIC ---

Why is Polska, Bulgarian, Dutch, Romanian, and Magyar system software
missing from the System 7.1 Multipack CD-ROM?

DISCUSSION --

The system software for these countries wasn't ready by the submission
deadline. So, the Multipack kit CD was shipped without system software for
those countries.
