

## System Errors 7.0.1: Negative Codes (0 to -261)

Article Created: 31 January 1992

Article Change History \_\_\_\_\_\_ 09/25/92 - REVIEWED

• For technical accuracy.

TOPIC ------

The following list provides an explanation of system errors 0 to -261 as it relates to system software version 7.0.1.

Here's an explanation of two symbols used in the lists:

[Items listed in brackets are old result code meanings]

???? This information wasn't available.

DISCUSSION -----

General System Errors (VBL Mgr, Queue, Etc.) 0 for success \*OR\* smNotTruncated No truncation necessary 0 queue element not found during deletion \*OR\* -1 -1 Truncation indicator alone is wider than the smTruncErr specified width -2 vTypErr invalid queue element -3 corErr core routine number out of range -4 unimpErr unimplemented core routine -5 SlpTypeErr invalid queue element seNoDB no debugger installed to handle debugger command -8

Color	Manager	Errors

-9	iTabPurgErr	from	Color2Index/ITabMatch
-10	noColMatch	from	Color2Index/ITabMatch
-11	qAllocErr	from	MakeITable
-12	tblAllocErr	from	MakeITable
-13	overRun	from	MakeITable
-14	noRoomErr	from	MakeITable
-15	seOutOfRange	from	SetEntry

-16	aoDrotErr	from CotEntry
-10 -17	seProtErr	from SetEntry
-17 -18	i2CRangeErr	from SetEntry
-10 -19	gdBadDev	from SetEntry
-19	reRangeErr	from SetEntry
	seInvRequest	from SetEntry
-21	seNoMemErr	from SetEntry
I/O S	System Errors	
-17	controlErr	Driver can't respond to Control call
-18	statusErr	Driver can't respond to Status call
-19	readErr	Driver can't respond to Read call
-20	writErr	Driver can't respond to Write call
-21	badUnitErr	Driver ref num doesn't match unit table
-22	unitEmptyErr	Driver ref num specifies NIL handle in unit table
-23	openErr	Requested read/write permission doesn't match
	-	driver's open permission, or
		Attempt to open RAM serial Driver failed
-24	closErr	Close failed; Permission to close .MPP driver
		was denied
-25	dRemovErr	tried to remove an open driver
-26	dInstErr	DrvrInstall couldn't find driver in resources
-27	abortErr	IO call aborted by KillIO; Publisher has written
		a new edition *OR*
-27	iIOAbortErr	IO abort error (Printing Manager)
-28	notOpenErr	Couldn't rd/wr/ctl/sts cause driver not opened
-29	unitTblFullErr	Unit table has no more entries
-30	dceExtErr	dce extension error
	GOODIIODEE	
	0.002110222	
	System Errors	
File	System Errors dirFulErr	Directory full
File -33 -34	System Errors dirFulErr dskFulErr	Directory full Disk full
File -33 -34	System Errors dirFulErr	Directory full
File -33 -34	System Errors dirFulErr dskFulErr nsvErr	Directory full Disk full No such volume; volume not found I/O error (bummers)
File -33 -34 -35	System Errors dirFulErr dskFulErr nsvErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names
File -33 -34 -35 -36	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system!
File -33 -34 -35 -36 -37	System Errors dirFulErr dskFulErr nsvErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open
File -33 -34 -35 -36 -37 -38 -39	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format
File -33 -34 -35 -36 -37	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w)
File -33 -34 -35 -36 -37 -38 -39 -40 -41	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr fnOpnErr eofErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load)
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr fnOpnErr eofErr posErr mFulErr tmfoErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open
File -33 -34 -35 -36 -37 -38 -39 -40 -41	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr fnOpnErr eofErr posErr mFulErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found;
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr fnOpnErr eofErr posErr mFulErr tmfoErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr fnOpnErr eofErr posErr mFulErr tmfoErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr wPrErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -45	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr wPrErr  fLckdErr fLckedErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr wPrErr flckdErr flckedErr vLckdErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46 -47	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr wPrErr fLckdErr fLckedErr vLckdErr fBsyErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software File is busy (delete); Section doing I/O
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr wPrErr flckdErr flckedErr vLckdErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software File is busy (delete); Section doing I/O Duplicate filename (rename); File found
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46 -47 -48	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr  wPrErr  flckdErr flckedErr vLckdErr fBsyErr dupFNErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software File is busy (delete); Section doing I/O Duplicate filename (rename); File found instead of folder
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46 -47 -48	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr  wPrErr  fLckdErr fLckedErr vLckdErr fBsyErr dupFNErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software File is busy (delete); Section doing I/O Duplicate filename (rename); File found instead of folder File already open with with write permission
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46 -47 -48 -49 -50	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr  wPrErr  fLckdErr fLckedErr vLckdErr fBsyErr dupFNErr  opWrErr paramErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software File is busy (delete); Section doing I/O Duplicate filename (rename); File found instead of folder File already open with with write permission Error in user parameter list
File -33 -34 -35 -36 -37 -38 -39 -40 -41 -42 -43 -44 -45 -45 -46 -47 -48	System Errors dirFulErr dskFulErr nsvErr ioErr bdNamErr  fnOpnErr eofErr posErr mFulErr tmfoErr fnfErr  wPrErr  fLckdErr fLckedErr vLckdErr fBsyErr dupFNErr	Directory full Disk full No such volume; volume not found I/O error (bummers) Bad file name; there may be no bad names in the final system! File not open End of file; no additional data in the format Tried to position to before start of file (r/w) Memory full (open) or file won't fit (load) too many files open File not found; Folder not found; Edition container not found; Target not found Diskette is write protected; Volume is locked through hardware File is locked Publisher writing to an edition Volume is locked through software File is busy (delete); Section doing I/O Duplicate filename (rename); File found instead of folder File already open with with write permission

-52	gfpErr	Get file position error
-53	volOffLinErr	Volume is off line
-54	permErr	Software lock on file; Not a subscriber
		[permissions error on file open]
-55	volOnLinErr	drive volume already on-line at MountVol
-56	nsDrvErr	no such drive (tried to mount a bad drive num)
-57	noMacDskErr	not a mac diskette (sig bytes are wrong)
-58	extFSErr	External file system - file system identifier is
		nonzero
-59	fsRnErr	file system internal error: during rename the old
		entry was deleted but could not be restored
-60	badMDBErr	bad master directory block
-61	wrPermErr	Write permissions error; Not a publisher
Font	Manager Errors	
-64	fontDecError	error during font declaration
-65	fontNotDeclared	font not declared
-66	fontSubErr	font substitution occured
	Serial Ports, C	lock Specific Errors
-64	lastDskErr	
-64	noDriveErr	drive not installed
-65	offLinErr	r/w requested for an off-line drive
-66	noNybErr	couldn't find 5 nybbles in 200 tries
-67	noAdrMkErr	couldn't find valid addr mark
-68	dataVerErr	read verify compare failed
-69	badCksmErr	addr mark checksum didn't check
-70	badBtSlpErr	bad addr mark bit slip nibbles
-71	noDtaMkErr	couldn't find a data mark header
-72	badDCksum	bad data mark checksum
-73	badDBtSlp	bad data mark bit slip nibbles
-74	wrUnderrun	write underrun occurred
-75	cantStepErr	step handshake failed
-76	tk0BadErr	track 0 detect doesn't change
-77	initIWMErr	unable to initialize IWM
-78	twoSideErr	tried to read 2nd side on a 1-sided drive
-79	spdAdjErr	unable to correctly adjust disk speed
-80	seekErr	track number wrong on address mark
-81	sectNFErr	sector number never found on a track
-82	fmt1Err	can't find sector 0 after track format
-83	fmt2Err	can't get enough sync
-84	verErr	track failed to verify
-84	firstDskErr	
-85	clkRdErr	unable to read same clock value twice
-86	clkWrErr	time written did not verify
-87	prWrErr	parameter ram written didn't read-verify
-88	prInitErr	InitUtil found the parameter ram uninitialized
-89	rcvrErr	SCC receiver error (framing, parity, OR)
-90	breakRecd	Break received (SCC)
	Talk Errors	
-91	ddpSktErr	Error opening socket *OR*
-91	eMultiErr	Invalid address or table is full

-92	ddpLenErr	Data length too big *OR*		
-92	eLenErr	Packet too large or first entry of the write-data		
		structure did not contain the full 14-byte header		
-93	noBridgeErr	No router available [for non-local send]		
-94	lapProtErr	error in attaching/detaching protocol *OR*		
-94	LAPProtErr	Protocol handler is already attached, node's		
		protocol table is full, protocol not attached,		
		or protocol handler pointer was not 0		
-95	excessCollsns	Hardware error [excessive collisions on write]		
-97	portInUse	driver Open error code (port is in use)		
-98	portNotCf	driver Open error code (parameter RAM not		
	Formula	configured for this connection)		
-99	memROZErr	hard error in ROZ		
-99	memROZError	hard error in ROZ		
-99	memROZWarn	soft error in ROZ		
- 33	Memkozwarii	SOIL EIIOI III KOZ		
Saran	Managor Errore			
-100	Manager Errors	No scrap exists error		
	noScrapErr	-		
-102	noTypeErr	Format not available [no object of that type in		
		scrap]		
G.I				
	ge Allocator Err			
	memFullErr	Ran out of memory [not enough room in heap zone]		
-109	nilHandleErr	GetHandleSize fails on baseText or substitutionText;		
		NIL master pointer [handle was NIL in HandleZone		
		or other]		
-110	memAdrErr	Address was odd, or out of range		
-111	memWZErr	Attempted to operate on a free block; GetHandleSize		
		fails on baseText or substitutionText		
		[WhichZone failed (applied to free block)]		
-112	memPurErr	Trying to purge a locked or non-purgeable block		
-113	memAZErr	Address in zone check failed		
-114	memPCErr	Pointer Check failed		
-115	memBCErr	Block Check failed		
-116	memSCErr	Size Check failed		
-117	memLockedErr	Trying to move a locked block (MoveHHi)		
HFS Errors				
-120	dirNFErr	Directory not found		
	tmwdoErr	No free WDCB available		
	badMovErr	Move into offspring error		
-123	wrgVolTypErr	Not an HFS volume [wrong volume type error		
120	5 . 0	or (obsolete) operation not supported for MFS]		
-124	volGoneErr	Server volume has been disconnected.		
-124	updPixMemErr	Insufficient memory to update a pixmap		
-125 -127	fsDSIntErr	Internal file system error		
-12/	TUDUITITETT	THICETHAT TITE SASCEN ELLOI		
Momis	Managan Erraga			
	Manager Errors	Custom error sade for MDDE not found		
-126	dsMBarNFnd	System error code for MBDF not found		
-127	dsHMenuFindErr	Could not find HMenu's parent in MenuKey		
-128	userCanceledErr	User canceled an operation		

## HFS FileID Errors

-130	fidNotFound	no file thread exists
-131	fidNotAFile	directory specified
-132	fidExists	file id already exists
		or Manager Errors
-147		or Region too big or complex
-148	pixMapTooBigErr	Pixel map record is deeper than 1 bit per pixel
		[passed pixelmap is too large]
-149	notEnoughStack	Not enough stack space for the necessary buffers *OR*
-149	mfStackErr	Insufficient stack
-150	cMatchErr	Color2Index failed to find an index
-151	cTempMemErr	Failed to allocate memory for temporary structures
-152	cNoMemErr	Failed to allocate memory for structure
-153	cRangeErr	Range error on colorTable request
-154	cProtectErr	ColorTable entry protection violation
-155	cDevErr	Invalid type of graphics device
-156	cResErr	Invalid resolution for MakeITable
-157	cDepthErr	Invalid pixel depth
-158	cParmErr	Invalid parameter
_		
		rs (other than I/O)
-185	badExtResource	Extended resource has a bad format.
-186	CantDecompress	Resource bent ("the bends")
100	T 1/	can't decompress a compressed resource
-188		Resource already in memory
-189	writingPastEnd	Writing past end of file
-190	inputOutOiBounas	s Offset or count out of bounds
-192	resNotFound	Resource not found
-193	resFNotFound	Resource file not found
-194	addResFailed	AddResource failed
-195	addRefFailed	AddReference failed
-196	rmvResFailed	RmveResource failed
-197	rmvRefFailed	RmveReference failed
-198	resAttrErr	Attribute inconsistent with operation
-199	mapReadErr	Map inconsistent with operation
	mapricader	nap incombibeent with operation
Sound	Manager Errors	
-200	noHardware	Required sound hardware not available
		[no hardware support for the specified synthesizer]
-201	notEnoughHardwar	re Insufficient hardware available
	3	[no more channels for the specified synthesizer]
-203	queueFull	No room in the queue
-204	resProblem	Problem loading the resource
-205	badChannel	Channel is corrupt or unusable
		[invalid channel queue length]
-206	badFormat	Resource is corrupt or unusable
		[handle to 'snd ' resource was invalid]
-207	notEnoughBufferS	Space Insufficient memory available
-208	badFileFormat	File is corrupt or unusable, or not AIFF or AIFF-C
-209	channel	Channel is busy
-210	buffersTooSmall	Buffer is too small
-211	channelNotBusy	Channel not currently used
		The state of the s

-212		ot enough CPU time available
-213		parameter is incorrect
-220	siNoSoundInHardware	No sound input hardware available
-221	siBadSoundInDevice	Invalid sound input device
-222	siNoBufferSpecified	No buffer specified
-223	siInvalidCompression	n Invalid compression type
-224	siHardDiskTooSlow	Hard drive too slow to record
-225	siInvalidSampleRate	Invalid sample rate
-226	siInvalidSampleSize	Invalid sample size
-227	siDeviceBusyErr	Sound input device is busy
-228	siBadDeviceName	Invalid device name
-229	siBadRefNum	Invalid reference number
-230	siInputDeviceErr	Input device hardware failure
-231	siUnknownInfoType	Unknown type of information
-232	siUnknownQuality	Unknown quality
MIDI	Manager Errors	
-250	midiNoClientErr	no client with that ID found
-251	midiNoPortErr	no port with that ID found
-252	midiTooManyPortsErr	too many ports already installed in the system
-253	midiTooManyConsErr	too many connections made
-254	midiVConnectErr	pending virtual connection created
-255	midiVConnectMade	pending virtual connection resolved
-256	midiVConnectRmvd	pending virtual connection removed
-257	midiNoConErr	no connection exists between specified ports
-258	midiWriteErr	couldn't write to all connected ports
-259	midiNameLenErr	name supplied is longer than 31 characters
-260	midiDupIDErr	duplicate client ID
-261	midiInvalidCmdErr	command not supported for port type
