System 7: Printing Problem with LaserJet IIP (12/94)

Article Created: 31 July 1991
Article Reviewed/Updated: 05 December 1994

TOPIC ---

My Hewlett-Packard LaserJet IIP doesn't print since I installed System 7.

DISCUSSION --

To use the Hewlett-Packard driver version 1.3, turn off background printing and
don't use TrueType fonts. With background printing off and TrueType fonts
present, the error "cannot find LaserPrep file" sometimes appears.

Hewlett-Packard is aware of this issue, please contact them for current update
information.
