PlainTalk: Additional Files Installed Description (2/95)

Article Created: 30 January 1995

Article Reviewed/Updated: 16 February 1995

TOPIC -----

After installing System 7.5 from my Upgrade CD, I noticed the following files were also installed in my Extensions folder; InlineFilter, CEToolbox, and QuicKeys.

What are these files?

DISCUSSION -----

These four files are installed when PlainTalk is installed. A description of each follows:

InlineFilter - Provides in line text editing for non arabic languages such as Kanji or Chinese. It is related to AppleScript.

CEToolbox - Is used by CE Software's QuicKeys.

QuicKeys - A keyboard macro utility.
