7.5 Update 1.0 CD: Does Not Include MegaPhone or SITComm (5/96)

Article Created: 6 June 1995

Article Reviewed/Updated: 24 May 1996

TOPIC -----

I recently received the System 7.5 Update 1.0 CD from the Apple Order Center which has Apple Telecom 2.0 software, however the CD does not include MegaPhone or SITComm. How do I get them?

DISCUSSION -----

MegaPhone is available from the online services Apple posts software updates. To get both MegaPhone and SITComm plus documentation, by purchase the GeoPort Telecom Upgrade bundle from the Apple Order Center.

The Tech Info Library article titled "Locating Vendor Information" can help you search for Apple Order Center's phone number.

These articles can help you locate the software update mentioned here:

- "Where To Find Apple Software Updates" -- Lists online services for free Apple software updates.
- "Obtaining Apple Product Support in the USA" -- Lists 800 numbers and online services for software updates, Apple support information, and a subset of the Apple Tech Info Library.
