AELC: Installing Grady/Writing Center from Backup CD (8/94)

Article Created: 1 August 1994

TOPIC -----

The Teacher Station of the Apple Early Language Connections (AELC) bundle includes two programs that are NOT installed on the Student stations: Grady Profile and The Writing Center. When I try to reinstall the Teacher software from the Backup CD these two programs are not installed. Why?

DISCUSSION -----

The Easy Install option on the AELC Backup CD installs only the student software. To install all of the Teacher software, select "Customize" in the Installer, choose "Teacher Software" from the list of available options and click on the "Install" button.
