Macintosh: How To Change TeachText From Read-Write To Read Only

Article Created: 19 January 1988
Article Last Reviewed: 29 July 1992
Article Last Updated: 10 July 1991

The only way to change a user-created TeachText 1.1 (as well as TeachText 7.0) document from "Read-Write" to "Read Only" is by using a file editor (such as FEdit, or Norton Utilities) to change the file type from "TEXT" to "ttro".

The file creator type must remain "ttxt".
