Software Utilities Update 1.0.1: How It's Different from 1.0

Article Created: 8 October 1993
Article Reviewed/Updated: 25 October 1993

TOPIC ---

This article tells you what's been changed in version 1.0.1 of the
Software Utilities Update.

DISCUSSION --

The Software Utilities Update version 1.0.1 includes:

• HD SC Setup version 7.2.2
  This version of HD SC Setup gives you more flexibility to
  format large Apple hard disks between 1 and 2 gigabytes.
• A revised ReadMe file for Software Utilities Update
• Revised ReadMe file for MacCheck

Here's a list of files found on Software Utility Update:

File Name	Version #
Apple HD SC Setup	7.2.2
Disk First Aid 7.2	7.2
MacCheck dataFile	1.0.4
MacCheck Read Me	
MacCheck User Guide.msWrd	
MacCheck User Guide.mwII	
MacCheck	1.0.4
Software Utility Update Read Me	
TeachText 7.1	7.1

NOTE: You should update your hard drive drivers and also update the
version of this utility that is on your System 7.1 "Disk Tools" disk.
If you've already updated using Apple HD SC Setup version 7.2 (from
either the Macintosh Software Utility Update 1.0 or Hardware System
Update 2.0), you should still update to version 7.2.2. You can obtain
the update from Apple resellers, AppleLink or other on-line services.

Article Change History:
25 October 1993 - Added list of files on the Software Utilities
Update, and a note to update the drivers.
