Power Macintosh 5400/120 & Apple System Profiler 1.0.1 (6/96)

Article Created: 05 June 1996

TOPIC -----

Was Apple System Profiler 1.0.1 revised to add support for the Power Macintosh 5400/120? I tried versions 1.0 and 1.0.1 on this computer, and the results appear to be the same.

DISCUSSION -----

Version 1.0.1 of Apple System Profiler does not include any enhancements specifically for the Power Macintosh 5400/120. If you are using version 1.0, it is not necessary to upgrade to version 1.0.1.
