## Apple IIe Enhanced: International Logic Board Identification

Article Created: 24 August 1992

\* RESTRICTED: Apple Internal and Support Providers Only \*  
Not For General Public Release

TOPIC -----

What does the letter at the start of the international enhanced Apple IIe logic board part number X661-0421 denote? Also, what type of video signal does each use?

DISCUSSION -----

The letter indicates the country where the board is used. Each board uses the standard video signal for that particular country.

Here is a list of part numbers, versions, and video signal types.

Part Number	Version	Video Signal
-----	-----	-----
C661-0421	Canadian	NTSC
B661-0421	British	PAL
D661-0421	Deutsch	PAL
T661-0421	iTalian	PAL
E661-0421	Espanol	PAL
F661-0421	French	SECAM
