Article Created: 25 November 1992

Article Reviewed/Updated: 1 April 1994

\* RESTRICTED: Apple Internal and Support Providers Only \*  
Not For General Public Release

TOPIC -----

Will both the internal and external AppleCD 300 ship with the CDs mentioned below?

- Alice to Ocean by Rick Smolan
- Mozart String Quartet in C Major by the Voyager Company
- Cinderella by Discis Knowledge Research
- Kodak Photo CD Sampler
- Nautilus CD
- Apple CD-ROM Titles Sampler
- Apple's Chronicles
- Apple's Macintosh Demo Games CD v1.0
- Apple's Macintosh Demo Applications CD

DISCUSSION -----

Both the internal and external versions of the AppleCD 300 shipped with similar titles as the Macintosh IIVx.

However, the actual CD titles aren't guaranteed, even for the Macintosh IIVx. This is because the CDs are "single-sourced" and Apple won't commit to holding up product shipment due to the tardiness of a single source vendor.

This program has expired as of the last update to this article, there may be some bundles remaining in inventory but no new bundles are being produced.
