## Apple Restoration CD Nov '95: System Software Read Me File 4/96

Article Created: 2 April 1996

\* RESTRICTED: Apple Internal and Support Providers Only \*  
Not For General Public Release

### TOPIC -----

This file contains a listing of all the software configurations available on the CD. In addition, this file contains important information about the release of the Apple Restoration CD that supersedes information in the Apple Restoration CD User's Guide. Refer to the on-line descriptions and those provided here when selecting a software configuration to restore on Macintosh computers.

### DISCUSSION -----

#### Restoration CD Configuration Information

Using the Apple Software Restore application on the Apple Restoration CD, you can choose the software you want to reinstall on a Macintosh computer. The System Software Apple Restoration CDs provides the following software configurations:
