TOPIC -----

Where does the LED connect on the Conner CP3040A 40MB 3.5" hard drive supplied by service?

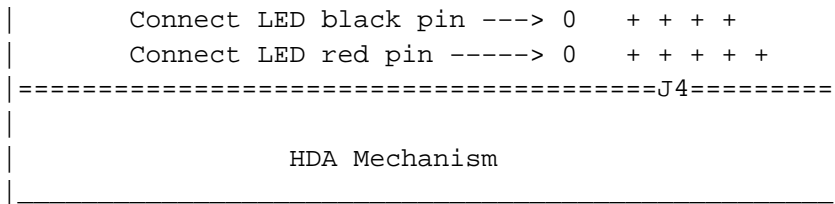

DISCUSSION -----

The Conner CP3040A 40MB hard drive uses two pins on connector J4 at the front of the drive for the LED. The connector is arranged as follows:

Front View of Conner CP3040A HDA (drive with PCB facing up)

Where:

- + represents connector J4 pins
- = represents the HDA PCB
- 0 represents the two LED pins
