DISCUSSION --

Due to the changing nature of this document, we aren't posting any more
updates to the Field Engineer bulletin board.

There are two places where you can obtain updates:

- On Apple VAX (Apple.com), the path is:

  /usr/spool/ftp/pub/apple-ip

- On AppleLink, the path is:

```
  Developer Support
    Developer Services
      Developer Technical Support
        Networking Standards
          AppleTalk Routing Extensions
```
