LaserWriter Driver: Accessing PAPA Resource ID

Article Created: 29 March 1991

* RESTRICTED: Apple Internal and Support Providers Only *
Not For General Public Release

TOPIC -----

Is it possible to access directly the "PAPA" resource ID -8192 to change which printer is chosen? Where is this resource in the System file?

DISCUSSION -----

The "PAPA" resource ID -8192 is in the LaserWriter driver file itself, not the System file. The chosen LaserWriter name is a Pascal string starting at the first byte of the resource.

This information is valid for the System 7.0 and all LaserWriter drivers as of March 1991.
