TOPIC -----

How can I tell whether a LaserWriter IIf or IIg controller board has
Revision 1.0 or Revision 2.0 ROMs?

DISCUSSION -----

There are two ways to determine which ROMs are on the controller board:

- 1) Print a test page at power on. The ROM version is printed in the lower-right corner of the startup page.
- 2) Check the ROM part numbers.

Revision 1.0 ROM Part Numbers

Revision 2.0 ROM Part Numbers
