TOPIC ---

What is the monthly duty cycle for the LaserWriter Pro 810 printer?

DISCUSSION --

Apple does not specify a time based duty-cycle for the LaserWriter Pro 810.
Instead, Apple states that the print engine is designed to generate a
minimum of 600,000 pages before normal wear begins to noticeably degrade
the output quality. All previous LaserWriter printers (except for the
original LaserWriter) also do not have a specified duty-cycle.
