## MPW Support for CFront (9/93)

Article Created: 1 September 1993

\* RESTRICTED: Apple Internal and Support Providers Only \*  
Not For General Public Release

TOPIC -----

For Multiplatform reasons we need to know about MPW support for CFront 3.0 and Parameterized types (Templates). We use this feature of CFront 3.0 on Suns and PCs. We want to port this to the Macintosh. C++ templates are a feature of CFront 3.0.

DISCUSSION -----

Currently MPW supports CFront 2.xx which doesn't support templates.
