TOPIC -----

I am replacing the power supply on a Performa 6320, and I notice that there are two listed in the Service Price Pages. There is 661-1071 (Power Supply), and 661-1053 (Power Supply, 82 Watt), how do I which one I need to order?

DISCUSSION -----

If the Macintosh Performa 6320 has a 3-inch fan on the fan/video card bracket assembly, order part number 661-1071. If the unit has the 4-inch fan, order part number 661-1053.
