Newton: Duplicating Words and Shapes (7/93)

Article Created: 30 July 1993

TOPIC-----

Is there a way to duplicate words or shapes I've drawn without writing or drawing them over again?

DISCUSSION-----

To duplicate words or shapes, select the items you wish to repeat. Tap the selected item twice, holding the stylus down on the second tap. Drag the duplicate item where you want it to go. You can do this as often as you wish.

Note that the Duplicate option under the Action button will only let you copy an entire page.
