Newton Print Pack: No Support For Canon BJ 200e Printer (8/96)

Article Created: 20 May 1994
Article Reviewed/Updated: 27 August 1996

TOPIC ---

I have the Newton Print Pack and a Canon BJ 200e printer. I cannot get the
printer to print anything. The Newton MessagePad does not display any error
messages and the document is removed from the Outbox. Why will my Newton
MessagePad not print anything?

DISCUSSION --

The Newton Print Pack supports the Canon BJ 200, but it does not support the
Canon BJ 200e.
