Apple Fax Document Index (8/96)

The following is the Apple Fax technical support fax document index as of 8/16/96.

This index contains the document numbers, titles and short abstracts of the technical support documents available on the Apple Fax system.

Each of the documents has a corresponding Technical Information Library article.

To order one of the following documents by fax;

- 1) Review the Apple Fax Document Index for the available product literature. (This article)
- 2) Make note of the 5 digit literature number to the left of each document.
- 3) Call Apple Fax at 1-800-505-0171

When you make the connection;

- 4) Press 1 on your touch tone phone to order a document.
- 5) You will be prompted to enter the document number(s) you are requesting.
