Macintosh: Which Models Can Start Up from CD-ROM (4/93)

Article Created: 5 April 1993

TOPIC -----

Which Macintosh models can be started up from a CD-ROM volume, and which can't?

DISCUSSION -----

- The following Macintosh models don't support starting up from a CD-ROM:
Macintosh 128K, 512K, 512Ke
Macintosh Plus, SE, and SE/30
Macintosh Portable
Macintosh II, IIX, and IICx
Macintosh Classic
 - All other Macintosh models do support starting up from a CD-ROM.
 - We assume that all future models will be able to start up from a CD-ROM.
