PowerBook Duo: Cable Compatibility (7/95)

Article Created: 27 September 1994

Article Reviewed/Updated: 06 July 1995

TOPIC -----

This article provides cable compatibility information for Apple computer systems and a variety of Apple peripherals.

The left column lists the peripherals, the right column lists the cable required to connect one of the following computers to it; PowerBook Duo.

Part numbers which begin with a letter are the finished goods part number, the seven digit numbers are the service part numbers.
