Imaging Products: Where to Find Installer Disks (1/95)

Article Created: 15 March 1993
Article Reviewed/Updated: 24 January 1995

TOPIC --

Where can I find the install disks for Apple imaging products. Specifically I'm
looking for the Install disks for the Color Printer, Color Scanner, and the
StyleWriter II.

DISCUSSION ---

You can find the complete set of disk images for Apple printers on AppleLink.
Individual printer drivers are available on the online services Apple posts
software updates on.

The disk images for the Apple Color Scanner cannot be posted since the
Ofoto software is included on the disks. However, The Color Scanner driver
itself can be found in the same locations as the individual printer drivers.

These articles can help you locate software updates mentioned here:

• Where To Find Apple Software Updates
  Lists online services for "free" Apple software updates

• Obtaining Apple Product Support in the USA
  Lists 800 numbers and online services for software updates, Apple
  support information, and a subset of the Apple Tech. Info. Library
