Apple OneScanner: Driver Not SCSI Manager 4.3 aware (2/95)

Article Created: 5 January 1995

Article Reviewed/Updated: 16 February 1995

TOPIC -----

Is our scanner driver SCSI Manager 4.3 aware?

DISCUSSION -----

No, the Apple Scanner extension 3.0 that ships with OneScanner Software 2.0.2 does not support multiple SCSI buses available with SCSI Manager 4.3.

At this time, there are no plans to revise the Apple Scanner extension to support this feature of SCSI Manager 4.3.
