## Calendars and More: Disk Error Message (5/96)

Article Created 15 May 1996

Article Reviewed/Updated: 30 May 1996

TOPIC -----

I recently purchased a Color Stylewriter 1500. I am trying to use the program Calendars and More, which was included with the Color Stylewriter. Every time I double-click on the icon for Calendars and More, I receive a message that there has been a disk error. My friend has a Color Stylewriter 2500 and she has the same problem. Is there anything I can do about this?

DISCUSSION -----

To use the Calendars and More application, you must insert the Apple Color Printing CD in the CD-ROM drive. The Calendars and More application requires information stored on the Apple Color Printing CD to work properly. If you need additional information, contact the publisher of the CD, Mindscape.
