LaserWriter 12/640 PS: Acceptable Paper Sizes & Weights (6/96)

Article Created: 21 June 1996

TOPIC --

What paper sizes and weights can I use in the LaserWriter 12/640 PS?

DISCUSSION ---

The LaserWriter 12/640 supports US Letter, A4, B5, Executive and US Legal sized
paper in the standard (250 sheet) cassette. The multipurpose tray can hold 80
sheets of standard US Letter paper and other paper sizes from postcard to US
Legal. An optional 500 sheet cassette is available that supports US Letter, A4,
and US Legal. An envelope cassette that can automatically feed up to 50
envelopes is also available.

The LaserWriter 12/640 PS supports 16 to 28 pound laser quality bond
(60-90g/m^2) in the paper cassettes and up to 50 pound (190g/m^2) stock when fed
manually through the multipurpose tray and exited through the face-up output
tray. This printer also accepts most textured and colored stock, medium-weight
photocopier transparencies, and laser labels. Envelopes can be printed from the
multipurpose tray or from the optional envelope cassette.

The paper you use should not scorch, melt, transfer material, or release
hazardous emissions when heated to 200 C (393F) for 0.1 seconds.
