LaserWriter 16/600 PS: Version of TCP/IP Used (10/94)

Article Created: 13 October 1994

TOPIC -----

I plan to use TCP/IP and want to know what queue system the LaserWriter Pro 16/600 PS is using: FTP, BSD, IP Net or some own?

DISCUSSION -----

The TCP/IP "spooling system" the LaserWriter Pro 16/600 PS supports is the BSD Remote LPD (which is generic to most Unix systems).
