LaserWriter 16/600 PS: Problems With Quark Xpress EPS files 5/95

Article Created: 13 January 1995
Article Reviewed/Updated: 31 May 1995

TOPIC --

If I import an EPS file that is resized or cropped in Quark XPress 3.3, it
prints out in its entirety on a LaserWriter 16/600 PS, not cropped as it appears
on the screen. How can I fix this?

DISCUSSION ---

The fix to this problem, a patch, created by Quark, gets downloaded
automatically with each print job. The patch is in the form of a Quark PDF
file.

This PDF file is currently available on several online services. The following
are the locations from which QuarkXPress users can obtain the PDF for
LaserWriter 16/600 PS:

America Online

Mac = Keyword: Quark -> Quark Software Libraries -> Misc. Downloads -> filename:
LaserWriter 16/600 PDF

Win = Keyword: Quark -> Quark Software Libraries -> QXP Windows XTensions ->
filename: WN16-600.PDF

Compuserve

Mac = Go: Quark -> Software Libraries -> library section 6 (PDFs/PPDs) ->
filename: M16600.PDF

Win = Go: Quark -> Software Libraries -> library section 6 (PDFs/PPDs) ->
filename: L16600.PDF

Applelink

(Macintosh version only)
Software Sampler
.   >3rd Party Demos/Updates
.   >Software Updates
.   >Companies K-R

```
.          >Quark
.            >Mac Software Libraries
.              >Printer Description Files
.                LaserWriter 16/600 PDF
```

Alternately if customers do not have access to any online services, they can
call Quark. When they call customers merely need to mention that they have the
LaserWriter 16/600 PS - Quark Xpress clipping problem and that they have been
informed that Quark has a fix for the problem. Then they can request that fix be
sent to them.

The Tech Info Library article titled "Locating Vendor Information" can help you
search for a particular vendor's address and phone number.

This article was published in the "Information Alley":
Volume II, Issue 3, Page 9

Article Change History:
31 May 1995 - Added Info Alley information; made minor updates.
17 Mar 1995 - Added solution to the problem.
21 Feb 1995 - Added more detail about the resolution.
