LaserWriter IIf and IIg: SCSI Speed

Article Created: 10 March 1992

Article Last Reviewed:

Article Last Updated:

TOPIC -----

What is the speed of the LaserWriter IIg SCSI interface?

DISCUSSION -----

The SCSI interface of the LaserWriter IIf and LaserWriter IIg is capable of SCSI transfer rates of up to 3MB per second. The actual SCSI transfer rate depends on such factors as the hard disk attached and the operation being performed.
