LaserWriter Select 360: Canceling a Fax Job (4/94)

Article Created: 11 April 1994

TOPIC ---

How do I cancel a fax job which I have set to retry five times on the
LaserWriter Select 360 with fax option?

DISCUSSION --

At this time, there is no way to cancel fax jobs or retries except to turn the
printer off. Apple and Adobe are looking to add a feature in a successive
release of software, which will enable a user to cancel fax jobs or retries.
