LaserWriter Select 360: Most Should Have LW 8.1.1 Driver (5/94)

Article Created: 2 May 1994

TOPIC -----

Is there a projected date when the LaserWriter Select 360 disks will ship with the LaserWriter Driver 8.1.1?

DISCUSSION -----

The LaserWriter Select 360 disks were revised in January 1994 to include LaserWriter driver 8.1.1 in-box. Some customers may get units that were produced before January 1994 and will still have the LaserWriter 8.0 driver software.
