## LaserWriter Select: Japanese Postcard adapter (1/97)

Article Created: 15 January 1997

TOPIC -----

The service price pages for the LaserWriter Select 360 list a Postcard Attachment (part #922-1103). What is this used for?

DISCUSSION -----

In order to meet the requirements for the Japanese market a special adapter was created to support the very small Kansei-Hagaki paper size used for Japanese postcards. The Japanese Postcard Attachment is installed in the envelope cassette tray rear paper support guide. This allows the very short paper size to be fed through the printer properly.

The Postcard Attachment works with these printers:

- LaserWriter Select 300
- LaserWriter Select 310
- LaserWriter Select 360
- LaserWriter Select 610 <-- Only sold in Japan.
