## LaserWriter: Source of Multi-bin Sheet Feeders

This article last reviewed: 26 November 1990

TOPIC -----

Is there a multiple-bin paper tray (holds 8 1/2 x 11, 8 1/2 x 14, and envelopes) for the LaserWriter IINTX?

DISCUSSION -----

BDT Products, Inc. makes a multibin sheet feeder for the LaserWriter IINT/NTX. It's called LaserFeeder. They have two models.

- The Model 880 LaserFeeder has two paper bins and an envelope bin.
- The Model 890 LaserFeeder has three paper bins and an envelope bin.

The paper bins adjust to anywhere between 7.5 inches and 14 inches. Each bin holds 220 sheets. For more details, search the Technical Info library under "BDT Products."
