TOPIC -----

This article describes the Personal LaserWriter LS.

DISCUSSION -----

The Apple Personal LaserWriter LS offers text and graphics printing, versatility, and ease of use. It's designed for individual use. It is compact to fit on any desktop, and you don't need to purchase additional cabling, interface cards, or software drivers.

A built-in multipurpose tray holds different sizes of paper and envelopes, as well as labels. With optional cassettes you can print automatically up to 250 sheets of letter- or legal-size paper or 15 envelopes.

You have the flexibility of printing high-quality text in a wide range of styles in any size you like. The personal LaserWriter LS comes with 39 TrueType fonts, including Times, Helvetica, Palatino, ITC Avant Garde Gothic, and Symbol. You can use TrueType fonts available from other suppliers, including text and headline fonts, symbol fonts for special purposes, display fonts, and novelty fonts for decoration.

Features

- Print Quality
 - 300-dot-per-inch (dpi) resolution for high-quality text and graphics
 - 39 TrueType fonts for printing a wide range of styles in any size
- Affordability
 - Complete, ready-to-use printer; no additional cabling, interface cards, or software drivers necessary
 - Outstanding durability and nearly maintenance-free performance
- Flexibility
 - Built-in multipurpose tray for print materials used most commonly, including letter- and legal-size paper, and envelopes
 - Optional cassettes for 250 sheets of paper or 15 envelopes
