Article Last Updated:

TOPIC -----

What page sizes are available with the Personal LaserWriter NTR? Will adding memory increase the printable area?

DISCUSSION -----

With 3MB of RAM (standard configuration), the Personal LaserWriter NTR provides these page sizes:

Page Type	Inches	Points	Inches	Points
-----	-----	-----	-----	-----
a4	7.89	568.32	11.42	822.00
a4small	7.57	545.28	11.00	792.00
b5	6.72	483.84	9.81	706.56
legal	8.11	583.68	13.67	984.00
letter	8.11	583.68	10.67	768.00
lettersmall	7.89	568.32	10.30	741.84

Adding RAM does not increase the printable area -- added RAM is used for font storage and font cache.
