LaserWriter Family: Toner Cartridge Compatibility

Article Created: 09 July 1991

Article Last Reviewed/Updated: 02 August 1995

TOPIC -----

Can Canon copier toner cartridges be used in the LaserWriter family of printers?

DISCUSSION -----

Toner cartridges made specifically for Canon copiers are not compatible with the LaserWriter, LaserWriter Plus, LaserWriter II, and Personal LaserWriter printers. Cartridges made for the Canon Laser Printer and Hewlett-Packard cartridges made for the HP LaserJet are compatible.

Here is a list of cartridge types for the LaserWriter printers:

Printer	Cartridge Type
-----	-----
LaserWriter	EP
LaserWriter Plus	EP
LaserWriter II Series	EPS
Personal LaserWriter NT,NTR,LS	EP-L
Personal LaserWriter 300	EP-P
LaserWriter Pro 600 Series	EP-E
LaserWriter Pro 800 Series	EP

Apple does not recommend the use of refilled toner cartridges in the LaserWriter printers. For more information, search the Tech Info Library under "LaserWriter and Toner and Cartridge".

Article Change History:

02 Aug 1995 - Corrected EP-P compatibility information.

03 Mar 1994 - Added LaserWriter Pro 800 series cartridge information.

18 Oct 1993 - Added LaserWriter Select cartridge information.
