StyleWriter 1200: Use Latest Driver to Improve Speed (10/96)

Article Created: 18 October 1996

TOPIC --

I have a StyleWriter 1200 and a StyleWriter II printer. The StyleWriter 1200
takes longer to print the same document than the StyleWriter II does.

DISCUSSION ---

You need to use the StyleWriter 1500 printer driver with the StyleWriter 1200
printer. When you upgrade to the StyleWriter 1500 software, you will notice an
increase in speed using the StyleWriter 1200 printer.

All customers who own a StyleWriter 1200 should upgrade to the StyleWriter 1500
printer software v2.2 or higher, since it is the most recent software for the
StyleWriter 1200 printer.
