StyleWriter II: Problems with M.Y.O.B. (3/93)

Article Created: 12 March 1993

TOPIC ---

M.Y.O.B. crashes or refuses to print when printing to the StyleWriter II when
GrayScale is selected in the Print dialog box.

Is this a problem with the StyleWriter II driver or M.Y.O.B.?

DISCUSSION --

Apple Engineering has determined that the problem lies in the M.Y.O.B.
software. Teleware has been notified of the problem, so we suggest
contacting them directly for any further questions. Other printers are
not affected.

To locate a vendor's address and phone numbers, use the vendor's name as a
search string.
