StyleWriter Ink Cartridge: Weight Information

Article Created: 15 April 1992

Article Last Reviewed:

Article Last Updated:

TOPIC -----

How much does a StyleWriter Ink Cartridge weigh when it's full and when it's empty?

DISCUSSION -----

A new cartridge with ink and housing weighs approximately 2.2 ounces. An empty cartridge weighs approximately 1.1 ounces. These weights are approximate: because actual cartridge weight may vary slightly, and some residual ink remains in an "empty" cartridge.
