StyleWriter: Using with the StyleWriter II software (10/94)

Article Created: 18 February 1993
Article Reviewed/Updated: 27 October 1994

TOPIC ---

Can I use the StyleWriter II printer software on the original StyleWriter? Will
the head cleaning option in the StyleWriter II driver damage the original
StyleWriter printer?

DISCUSSION ---

The StyleWriter II driver and the head cleaning option will not harm the
original StyleWriter printer.

The only combination that may cause damage is using an original StyleWriter
cartridge in a StyleWriter II.

When you use the StyleWriter II printing software with the original StyleWriter
printer, you can print in grayscale and share the printer over a network with
the GrayShare software.

A GrayShare software upgrade disk is available through online services Apple
publishes software updates on.

These articles can help you locate software updates mentioned here:

• Where To Find Apple Software Updates
  Lists online services for "free" Apple software updates

• Obtaining Apple Product Support in the USA
