StyleWriter II: ReadySetGo 4.5 Printing Problem (8/93)

Article Created: 20 July 1993

Article Reviewed/Updated: 17 August 1993

TOPIC -----

I'm using ReadySetGo version 4.5, on a PowerBook 140 with System 7.0.1. When I print to my StyleWriter II, the spacing between the last two characters of every word is joined together.

DISCUSSION -----

ReadySetGo is developed by a company called Manhattan Graphics. They informed us that version 4.5a of ReadySetGo is a very old. The latest version is 5.0 which should resolve the problem you are experiencing.

ReadySetGo 6.0 will be released August 23,1993 . To locate a vendor's address and phone numbers, use the vendor's name as a search string.
